Please download the “5 Calls” and “Climate Action Now” apps
We hope you will continue to use them in the coming weeks.

Basic script for your calls:

My name is _____
My (complete) address is_____
I am your constituent
As a person of faith, I am extremely concerned about our Environment, specifically (whatever your issue is)_____

FOR CONGRESS:

- Move the Environment to the top of your priority list.
- Reduce/eliminate oil and gas subsidies, and for the industrial agriculture sector.
- Reject fossil fuel industry attempts to gain immunity from climate lawsuits.
- Fully fund the EPA
- Sustain the U.S. solar manufacturing sector
- Urge them to address the plastic pollution crisis for the sake of our food supply
- Pass legislation to protect our national forests, parks and their employees. Save the Antiquities Act.
- Advocate for the release of the frozen Great American Outdoors Act funds.
- Sustain the IRA’s EV tax credits.
- Support the 2025 Heat Policy Agenda
- Save NOAA and its critically important programs.
- Protect the Lead and Copper Rule Improvements.

FOR STATE GENERAL ASSEMBLY:

- Vote Yes on House Bills 66 and 127 and No on Senate Bill 261
- Accelerate the deployment of clean energy
- Tell them to scale up state-level environmental protections.
- Prohibit building of wood pellet plants and closely regulate existing plants.
- Proactively support and incentivize electromagnetic geothermal
- Reinstate all Wetlands protections repealed.
- Tell them it’s time for a robust climate education bill.

- Encourage them to add more EV charging stations.
- Encourage them to support food waste reduction. (1/3 of food produced goes to waste)
- Support and encourage car-free neighborhood development.
- Support Passive House energy efficiency standards
- Support rebuilding sustainably after climate disasters (fires/floods, etc.)
- Require all grocery stores to eliminate plastic bags
